➞ DIMENSIONS

Optimised for 460–500+ mm seat centres to maximise spectator capacity.

➞ OPTIONS

The LINK Lotus Compact is available with a range of finishes to suit different venue requirements.

Seat Numbering/Branding Inserts -
An integrated recess allows for the easy application of seat numbering or custom branding.

Seat numbering is available as durable aluminium or polyester labels. Custom branding inserts can also be incorporated into the seat to display logos, names or other branding.

Fire Retardant Additives (FR)

FR additives can be incorporated into selected materials.

Please note: We reserve the right to change the spec of the products described in this leaflet at any time. All images are for illustrative purposes only.
